OPTIONAL: Office rather than Operating Room injection

(This option can be done all in one day, but it is HIGHLY recommended the patient stay in the area for two days after the procedure in case of complications)

\$908	Day One Charges (eligible for BVI 15% discount)
\$560	EMG guided injection (eligible for BVI 15% discount)
\$600	Botox (no markup, patient must pay this amount in full)
<u>\$150</u>	One Week Follow-Up (eligible for BVI 15% discount)
\$2218	Total Charges before insurance processes the claim**
\$1976	Total Charges with 15% discount if paid in full by patient

BVI will submit a claim to your in-network insurance for Day 1 charges, Day 2 Esophagoscopy fee, and one-week post-op follow-up. The surgery center (MCDS) will submit their charges. BVI offers a 15% discount on *our* charges to those who pay in full at the time of service and do not submit to insurance. MCDS offers its own payment options for those without insurance coverage or who are out of network. These options plus questions you may have about your MCDS bill can be discussed with the MCDS billing manager at (630) 852 -9300.

***DISCLAIMER: The charges provided are an “accurate estimate” and are subject to change.**

**Since each insurance company differs in coverage, this procedure may be denied as experimental and/or investigational. We cannot guarantee that your procedure will be covered by your insurance plan but will appeal any denials that may occur.

**The diagnosis codes used for billing are:

R14.2 Eructation

R14.0 Abdominal distension (gaseous)

K22.4 Dyskinesia of esophagus

It is within your rights to contact your insurance company prior to your visit and ask if the procedure is considered experimental or investigational.
